AGENDA MEMORANDUM

Meeting Date: November 18, 2019

Agenda Item: Update on 921 Main Street Building from Project Manager Jimmy Crouch.

Prepared by: BEDC Staff

Jimmy Crouch, the Project Manager for the 921 Main Street Project, will attend the meeting to give the Board an update.

Attachment: PowerPoint Presentation about 921 Main Street Project.

Recommendation – No recommendation; item for informational purposes only.
Owner Top 3 Priorities

1. **Communication** - Communication with all parties throughout the pre-construction, construction and close out process. There are neighboring businesses and the construction will be limited with materials staging areas and parking for workers and also daily pedestrians. A constant stream of communication on street closures, deliveries, early morning concrete placements, etc. will need to be provided well in advance of the work.

2. **Schedule** – The Art Institute has stated that they need to move into the space by 06-15-2019. The current schedule is showing the end of June 2020 for a completion date. There is concern that the permitting process will delay the project. There is currently an impact. A schedule update has been requested from the general contractor based on current permitting.

3. **Budget** – The goal for the project is to stay within the original construction budget.
Project Description

- Design and construction for a new building located at 921 Main Street, Bastrop TX.
- The footprint of the building is 45’x100’, 2 levels for a total floor space of approximately 9,000 sq. ft. (4,500 ea. Level)
- Final drawings are in progress for the building shell for Civil, Architectural, Structural and Mechanical and Electrical scopes of work.
- Tenant Improvements will be added after the interior design documents are completed, approved and estimates provided.
Permit Status

The Project will be permitted in the following manner:

1. Demolition phase. (foundation approval has been requested)
   - The Site Development plans and demolition permit application have been submitted to the City for review. The City has provided responses to the submittals. The general contractor has responded to all comments.
   - The City has requested a stamped Engineered drawing for any temporary wall bracing that will be installed. The General Contractor has provided a stamped Engineer letter for the condition of the existing masonry walls. The Engineer stated in his letter that bracing of the exterior walls was not required.

2. Building Shell phase.
   - The general contractor will submit for full building permit as soon as plans have been reviewed and approved by BEDC.
Permit Status cont.

- BEDC and Crouch Const. will review in detail all future submittal and drawing packages for completeness prior to submitting to City.

3. Building Interior Finishes phase. (tenant improvements)

- ROW sidewalk permit – The pedestrian protective sidewalk and cover has been submitted with the Site Development Plan for approval.

- Building Permit application – General Contractor need to provide final Civil, Arch., Structural and MEP drawings to submit for review. Initial drawing package has been submitted. Review of final documents is required prior to resubmittal.

- Tenant Improvement application – The General Contractor will need all interior drawings and interior finishes for application.
Design Status

Delay Concerns:

There is a concern with the Designers that due to the additional time spent on the permitting process that they will have spent most of the allocated time for the drawing on permit related items.

Testing

• Materials testing is included in the contract with the general contractor and will be per the City of Bastrop requirements.
• Structural testing will be by Terracon.
• The general contractor is providing an alternate plan for the first floor structural components. The columns and beam would be designed and built out of concrete in order to save some time and costs. This would be an alternate submittal presented to the City for review.
Design Status cont.

Architectural, Civil, Structural and MEP for shell

- Shell design has been completed.
- Drawings for full Building Permit resubmission are under way. Final input from tenant and BEDC will be required.

Building TI

- Stone Development has had several design meetings/calls with the Art Institute to clear questions with the interior layout for the first and second floor spaces. Final design is near completion and may be submitted with the full Building permit application.
- The initial interior finishes presented have been designated as over the $35. sq.ft. allowance. PLACE Architects are helping with less expensive options.
Budget

- Original budget: $1,800,000.00
- Change orders to date: $0.00. General Contractor has requested a change for potholing of the existing utilities. I do not believe that this request is valid for a change order. No costs have been submitted for review at this time.

AGENDA MEMORANDUM

Meeting Date: November 18, 2019

Agenda Item: Consideration, discussion and possible action to approve Resolution R-2019-0024 of the Bastrop Economic Development Corporation authorizing the payment of $46,191 previously requested by the City of Bastrop in FY 2019-2020 to assist in funding city parks under Texas Local Government Code Section 505.152.

Prepared by: BEDC Staff

The BEDC agreed in 2017 to continue to fund eligible City of Bastrop projects, such as parks projects, with $49,950 budgeted for fiscal year 2019-2020.

Upon request of the BEDC Board of Directors at the September meeting, the City of Bastrop has submitted a letter detailing the projects which will be funded by the BEDC.

This funding is allowable under Texas LGC 505.151-52.

Draft Resolution

Recommendation – Approve the Resolution as presented.

VIA ELECTRONIC MAIL

October 23, 2019

Mr. Cameron Cox
Director of Economic Development
Bastrop Economic Development Corporation (BEDC)
301 HWY 71 W., Ste. 214
Bastrop, TX 78602

Re: Funding Request

Dear Mr. Cox:

The City of Bastrop has several projects which are eligible for funding through Type B economic development dollars. The BEDC FY 2020 budget included a line item for City projects. Please accept this letter as a formal request for $46,191 in project funding for the following projects:

- **Delgado Park Fence and Gate:** We would like to install 1,400 feet of 6’ tall black vinyl coated commercial chain link fence around the park and install a new 24’ double drive wrought iron gate. This will allow for the park to be secured during non-park hours and the gate will open / close automatically and not have to be closed by the Police Department each night. This project was identified as Phase II but has been escalated due to community safety concerns. This project will cost $39,200

- **Seats at Mayfest Arena:** The purpose of this request is to acquire new box seats for the rodeo arena at Mayfest Park. These would replace the current seats that are old and deteriorating. The new seats would increase the value of the rodeo arena and would provide a safer place to sit for people that attend events held there. Also, it could promote the rodeo arena as a nicer venue and encourage more event organizers to hold their events at the arena. All 56 seats need to be replaced. The arena brings in 8,000 to 10,000 people every year. This project will cost $6,991
The City of Bastrop appreciates the partnership we have with the BEDC to support our community. If backup documentation is required for these projects, Tracy Waldron will be glad to provide the necessary information.

Best Regards,

Lynda Humble, MBA, CPM
City Manager
A RESOLUTION OF THE BOARD OF DIRECTORS OF THE BASTROP ECONOMIC DEVELOPMENT CORPORATION AUTHORIZING THE PAYMENT OF $46,191 REQUESTED BY THE CITY OF BASTROP TO ASSIST IN FUNDING CITY PARKS.

WHEREAS, the Bastrop Economic Development Corporation ("BEDC") is a public instrumentality and non-profit industrial development corporation duly established and operating under Texas Local Government Code, Chapters 501 and 505, et seq., as amended, known as the Development Corporation Act of 1979 (the “Act”); and

WHEREAS, as a Type B economic development corporation, funding of city parks is an allowable and legal expense under Texas Local Government Code §505.152; and

WHEREAS, it was agreed in 2017 that the BEDC would assist the City of Bastrop in funding allowable projects such as city parks; and

WHEREAS, the BEDC has budgeted $49,950 for fiscal year 2019-2020 for this purpose under the line item of "City Projects & Programs"; and

WHEREAS, at the request of the BEDC Board of Directors, the City of Bastrop has submitted a letter detailing the projects which will be funded by the BEDC; and

WHEREAS, the Board finds this is an allowable project under Texas Local Government Code §505.151-52 that achieves the goals of the BEDC in attracting businesses to and enhancing the attractiveness of the City of Bastrop.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE BASTROP ECONOMIC DEVELOPMENT CORPORATION THAT:

SECTION 1. The above stated findings are true and correct and incorporated in this Resolution for all purposes.

SECTION 2. The Executive Director is authorized to execute payment to the City of Bastrop in the amount of $46,191.00.

SECTION 3. Should any part of this Resolution be held to be invalid for any reason, the remainder shall not be affected thereby, and such remaining portions are hereby declared to be severable.

SECTION 4. This Resolution shall take effect immediately from and after its passage, and it is duly resolved.

DULY RESOLVED AND ADOPTED by the Board of Directors of the Bastrop Economic Development Corporation this ____ day of _______________ 2019.
