submitted for approval by the property Owner to the BEDC. Approval of any such plan will be based on its harmony and consistency with the general character and aesthetic quality of the Industrial Park, as a whole. In particular, a landscape strip or front yard in a minimum width of twenty (20) feet must be designed and installed by the developer, along the street frontage adjacent to the property line and street right-of-way. If tracts of land are being held for future development, within sixty (60) days of purchasing/closing such tracts, the new Owner(s) shall install and maintain ground cover on the tract. It is the Owner’s responsibility to properly maintain tracts owned by them, at all times. Complete Landscaping, in compliance with these Protective Covenants and the City Code, by Owner, is required at the time of development of the property.

H. SCREENING/FENCING:

The right of a purchaser, grantee, owner, or lessee of tracts in the Industrial Park, to use tracts of land and structures on the Property, shall not be construed as permission to keep goods, materials, waste, mechanical parts, equipment, incinerators, storage tanks or similar items on the purchaser’s, grantee’s, owner’s, or lessee’s grounds in a manner that, when exposed to the public view, reduces the overall aesthetic appearance, look or quality of the Industrial Park, in the sole opinion of the Board.

If a purchaser, grantee, owner or lessee determines that it has a need to store or keep these types of items, equipment or materials in the public view, they shall be fenced or screened in a manner approved by the BEDC, in advance of such storage.

All screening and fencing in the Industrial Park is required to be at a minimum height (above ground level) of eight (8) feet, unless this height is varied by formal action of the Board. Different types of screening and/or fencing (i.e., Opaque or Non-opaque) is required, depending on what is being shielded or stored, and whether a direct view from adjacent buildings, streets, or public space is advisable for security purposes, as follows: (1) If, for security purposes, the purchaser, grantee, owner or lessee of a tract desires not to use Opaque screening or fencing, then equipment and vehicles that are present on the property may be fenced or screened by the use of Non-opaque materials, approved in writing, by the Board; however, all equipment, vehicles, materials and property visible through the fence/screen must be continuously maintained in a manner that is clean, organized and aesthetically acceptable to those who view the property through the fences/screen; or (2) Water towers, storage tanks, equipment, exhaust fans, skylights, cooling towers, vents, pallet storage, refuse collection receptacles or compacting equipment, transformers, and all other structures or equipment related to a building on the property shall be architecturally compatible with the building or shall be effectively
SIXTH AMENDMENT TO THE
PROTECTIVE COVENANTS, CONDITIONS AND RESTRICTIONS
BASTROP BUSINESS AND INDUSTRIAL PARK

shielded from public view and view of adjacent properties by the use of Opaque screening or fencing materials, and the design, location and screening for same shall be approved, in writing, by the Board before construction or erection of such structures or placement of such equipment; and (3) All scrap materials, waste, trash, junk, storage of items, inventory, parts, and pallets, etc., must be completely screened from view of the public and adjacent properties by use of Opaque screening, fencing or design elements and materials.

The City and Board will strictly enforce the screening/fencing provisions detailed herein.

Under no circumstances shall any materials or equipment be stored within sixty (60) feet of any street.

Screening specifications shall be approved in writing by BEDC, prior to construction, as part of the site and building review and approval process, and if appropriate may be varied by the Board, upon application for same. No boat, trailer, camper, home trailer, bus, or other recreational vehicle shall be parked or stored, either permanently or semi-permanently (i.e., on an “off-and-on” basis), on any property in the Park, unless such items are completely screened in the manner described above, using Opaque screening, as defined herein. No residential-type occupancy of trailers, campers, recreational vehicles, etc., is allowed at any time in the Park. Any outside storage shall be well-secured and properly lighted so as not to invite criminal activity in the Industrial Park.

K. LOADING DOCKS:

Loading docks will be permitted on any side of the primary building, but delivery vehicle loading and unloading shall occur only within the property and not on, or from, a public street.

L. SIGNS:

All signs shall be designed, located and installed in full compliance with the City’s Code of Ordinances. (See, Bastrop Code of Ordinances, Chapter 3, Section 3.20.001, et seq., which may be amended from time to time.) All requests for variances to the Sign Code, for signs installed in the Park, shall be heard and decided solely by the BEDC Board, and not by the Municipal Sign Review Board or City Council.
M. EXTERIOR ILLUMINATION:

Illumination will be required on all parking areas and walkways between buildings and parking areas unless otherwise waived or modified by BEDC. No wooden poles may be used in connection with exterior illumination. Additionally, all buildings shall have exterior illumination facilities for their front entrance. Upon completion of any building, any such illumination facilities required by these covenants which are located on the property on which the building is constructed shall remain in operation at a minimum from dusk until 10:00 p.m. each night. Exterior illumination shall be designed to light only buildings, parking areas, and walkways and shall not produce glare on adjacent streets or lots. All ground level floodlighting fixtures shall be depressed or screened from public view.

N. UTILITIES EASEMENTS:

No structure shall be erected on any easement as reserved on the plat and as provided on the deeds of conveyance on any particular lot. No improvements may be placed within such easements without prior written approval of BEDC. Easements may be crossed by improvements providing the property owner receives the necessary approval in advance from any utility company or municipal district agency providing services via the said easement.

O. GARBAGE AND REFUSE DISPOSAL:

No lot shall be used or maintained as a dumping ground for trash or garbage. Trash, garbage, and other waste products shall be kept in sanitary containers approved by the City of Bastrop. All incinerators or other equipment for storage, compaction, or disposal of such materials shall be kept in a clean and sanitary condition, maintained and serviced regularly. Dumpsters shall be adequate in size to handle all waste produced by the business operation and, at no time, may any refuse or garbage be placed outside of the trash receptacles or dumpsters on any tract.

The City’s Code of Ordinances, related to parking, health and safety, offenses and nuisances, subdivision and zoning all apply in the Park, and the City and BEDC shall enforce same within the Park. In the event of ambiguity or an unintended conflict between the City Code and the contents of these Protective Covenants, then the City’s Code will control.

a. No operation or use permitted under the terms of these covenants shall emit toxic or noxious matter in concentrations across the property line boundary of the tract on which such operation or use is located. **S. ENFORCEMENT:**

1. If, in the opinion of the BEDC, the owner or occupant, as applicable, of any tract or parcel of land in the Industrial Park shall fail to keep the tract or parcel maintained in compliance with the above-listed minimum provisions, the owner or occupant shall be notified of the deficiency by the Board or the City. If within ten (10) days from such notice, remedial activities to correct the deficiency have not begun to restore the tract or parcel to a safe, clean, attractive, and lawful condition, BEDC and/or the City shall have the right to perform such necessary remedial activities. All cost and expense incurred thereby shall be reimbursed by the owner and/or occupant of the tract or parcel of land. If such owner and/or occupant shall fail to so reimburse BEDC within thirty (30) days from the receipt of any invoice.
covering such cost and expense, then such amount of cost and expense shall be a debt of such Owner and/or Occupant, shall bear interest at the highest maximum rate allowed by law, and shall attach to said parcel of land as a lien against same. If deemed appropriate for recoupment of costs expended by the City to eliminate nuisances threatening the public safety, the costs incurred may be added onto the City utility bills of the occupant causing the nuisance in the Park.

2. The BEDC may file suit in the appropriate court to enjoin any violation of these covenants, and may seek to have the court assess the maximum penalty allowed by law, per day, of violation.

3. All Landowners in the Industrial Park are required to fully comply with all applicable City of Bastrop Code of Ordinances, regulations and policies, and failure to do so will result in the City initiating enforcement action and seeking penalties, as set forth in the Code.

4. The City specifically retains the right to have the City exercise code enforcement activities in the Industrial Park, which may subject violators to fines and Municipal Court processes and penalties.

T. VARIANCES:

Upon either the request of a Landowner or the Board of Directors, the BEDC may grant variances to the strict application of these restrictions and covenants when it is found that such variances will not affect the overall intent of these restrictions and covenants and a variance will not cause injury or negative impact on adjacent landowners, lessees, or tenants, or the overall quality of the Industrial Park. Applications for variances must be filed with BEDC, and must detail what hardship(s) will result to applicant from the strict application of these restrictions and covenants, which hardship(s) shall not be solely ‘economic’ and shall not be self-inflicted by the applicant. The BEDC Board shall hold a public hearing on any requested variance, in accordance with the City of Bastrop notice and public hearing process and requirements. The decision of the BEDC on all variance requests shall be final, with no right of appeal to another body or entity.

U. AMENDMENT OF COVENANTS:

These covenants and restrictions may be unilaterally amended, from time to time, by BEDC, provided BEDC continues to retain ownership of at least fifty-one percent (51%) of the land area of the Industrial Park. After BEDC owns less than fifty-one percent (51%) of the land area in the Industrial Park, amendments to these covenants and restrictions may only be made by majority vote of the property owners in the Industrial Park, at a properly notified meeting called for the purpose of evaluating and acting on same.
